Total PICES CE Vacancies			6							

These vacancies are currently advertised on the [Jobs Ireland](https://www.jobsireland.ie) website and by clicking on the job reference one can access the relevant job descriptions.

The following are the 3 options for candidates to apply:

1. Fill out an expression of interest form using the relevant reference number assigned to each vacancy with a case officer in their local INTREO office or contact the PICES office directly to fill out same.
 2. Be referred by a LAES Case Officer if the applicant is an active client of the service.
 3. Apply online through Jobs Ireland. Please note that to apply online the applicant will need to register their interest for each vacancy using their own mygov.ie account so if they have not got one that will have to be set up prior to any online application.
- Once the vacancies are closed on the Jobs Ireland website INTREO will send me on a referral list of eligible applicants and from there I shortlist and arrange interviews.

Please note we cannot arrange an interview for any applicant that is not on an INTREO referral list so an application via the 3 methods listed above is essential.
