Total PICES CE Vacancies			5								

These vacancies are currently advertised on the [Jobs Ireland](http://www.jobsireland.ie) website and further details can be accessed by logging onto www.jobsireland.ie

Select Community Employment on the *Vacancy Type* drop down menu, type in the assigned job reference number into the *Keyword* section and then click on the blue arrow to access the relevant job description.

The following are the 2 options for candidates to apply:

1. Fill out an expression of interest form using the relevant reference number assigned to each vacancy with a case officer in their local INTREO office or contact the PICES office directly to fill out same.
2. Be referred by a LAES Case Officer if the applicant is an active client of the service.

Once the vacancies are closed on the Jobs Ireland website INTREO will send us on a referral list of eligible applicants and from there we shortlist and arrange interviews.

Please note we cannot arrange an interview for any applicant that is not on an INTREO referral list so an application via the 2 methods listed above is essential.
